Education and Honors

University of Virginia

Master of Science in Data Science, Concentration in Artificial Intelligence

Charlottesville, VA

Anticipated August 2027

Coursework: Computation for Data Science, Intro to Predictive Modeling, Understanding Uncertainty, Data Eng 1

Christopher Newport University

Bachelor of Science in Computer Science, Minors in Data Science and Economics | **GPA 3.91**

Newport News, VA

May 2026

Honors: *Summa Cum Laude* | Dean's List (2023-2026) | Upsilon Pi Epsilon | Omicron Delta Epsilon | Alpha Chi

Extracurriculars: Society of Women Engineers Secretary (2024-2026) | CNU SEC Peer Mentor (2024-2026)

Skills

Programming: Python, R, SQL, Java, C++ | **Libraries:** Pandas, NumPy, Scikit Learn, Matplotlib, Seaborn |

Tools: Git, Jupyter, Linux (Ubuntu)

Projects

Historical Stock Simulator - Capstone Project | Capstone Award Winner

January - May 2026

- Collaborated on a full-stack educational platform incorporating the **SCRUM** methodology to allow users to make investment decisions based on anonymous historical market events and evaluate their performance after outcomes are revealed.
- Developed the front-end interface using **React** and **JavaScript** to build interactive stock chart visualizations, user dashboards, and leaderboards.

MPTI Predictive Modeling and Machine Learning Analysis

January - May 2025

- Developed and evaluated Random Forest regression model to predict Mean Party Thermometer Index (MPTI) in **R** using demographic and socioeconomic survey data.
 - Performed feature engineering, test/train validation, and model interpretation using MAPE.
 - Collaborated in a team environment to compare OLS regression, Random Forest, Artificial Neural Network, and Decision Tree models to evaluate predictive performance across modeling approaches.
-

Professional Experience

University of Virginia | Charlottesville, VA

August 2026 - Present

MSDS Residential Student Ambassador

- Acted as a representative of the School of Data Science at admissions, recruitment, and student engagement events, connecting with prospective students.
- Communicated the unique attributes of the data science program at graduate school fairs and strengthened engagement with prospective students.

Christopher Newport University | Newport News, VA

August 2025 - May 2026

IT Helpdesk Technician

- Resolved software, Wi-Fi, printing, and account issues for a campus community of more than 5000 students, faculty, and staff as a first-level IT support technician.
- Managed password and authentication issues using **Microsoft Azure**, documenting incidents and escalating complex technical problems when necessary.

Dollar Tree HQ | Chesapeake, VA

June 2025 - August 2025

Information Technology Operations Intern

- Collaborated with IT operations to ensure successful implementation of new software on 80 printers that served 1900 associates.
- Created and presented a software rollout review highlighting the outcomes, challenges, and opportunities for improvement for the IT team to a panel of 3 judges.
